## **LUKOIL-Western Siberia**

**OIL COMPANY** 

(LUKOIL)

№ 1217 Date 10.10.2013

Hereby I confirm that in June, 2000, GeoLeader Ltd. installed and successfully implemented PetroVision, geological-geophysical field Data Bank (DB). Five licenses were installed in "LUKOIL – Western Siberia" Ltd., particularly:

- Corporate DB of "LUKOIL Western Siberia" Ltd.
- · DB of "Kogalymneftegas"
- · DB of "Langepasneftegas"
- · DB of "Pokachevneftegas"
- · DB of "Urayneftegas"

The successful experience of Petro Vision implementation resulted in purchasing of additional two licenses, which were installed, and have been in operation since 2006 in "Yamalneftegas" and Regional Project Institute "KogalymNIPIneft" Ltd..

The PetroVision has been regularly upgraded until the last available Version, today PetroVision-IV is used on production environment of LUKOIL Oil Company.

Chief of BD department "LUKOIL – Western Siberia" Ltd.
